

**CAT[®] TOOLS
2020 LINE**

LONG HANDLE TOOLS

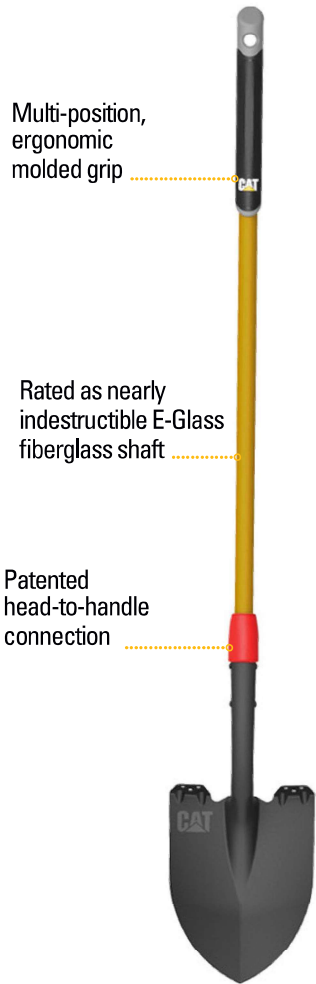

A range of tools
designed to perform
as CAT customers expect.

CAT® LONG HANDLE TOOLS

CAT® K-SERIES Industrial Class Tools

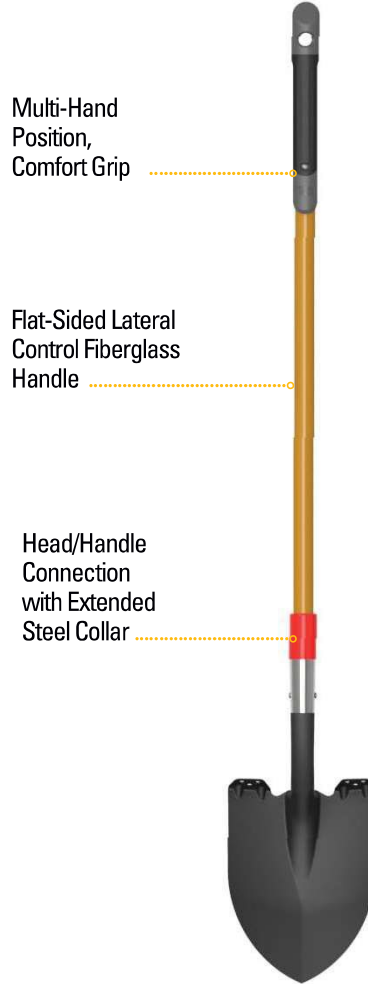

Multi-position, ergonomic molded grip

Rated as nearly indestructible E-Glass fiberglass shaft

Patented head-to-handle connection

CAT® J-SERIES Premium Class Tools

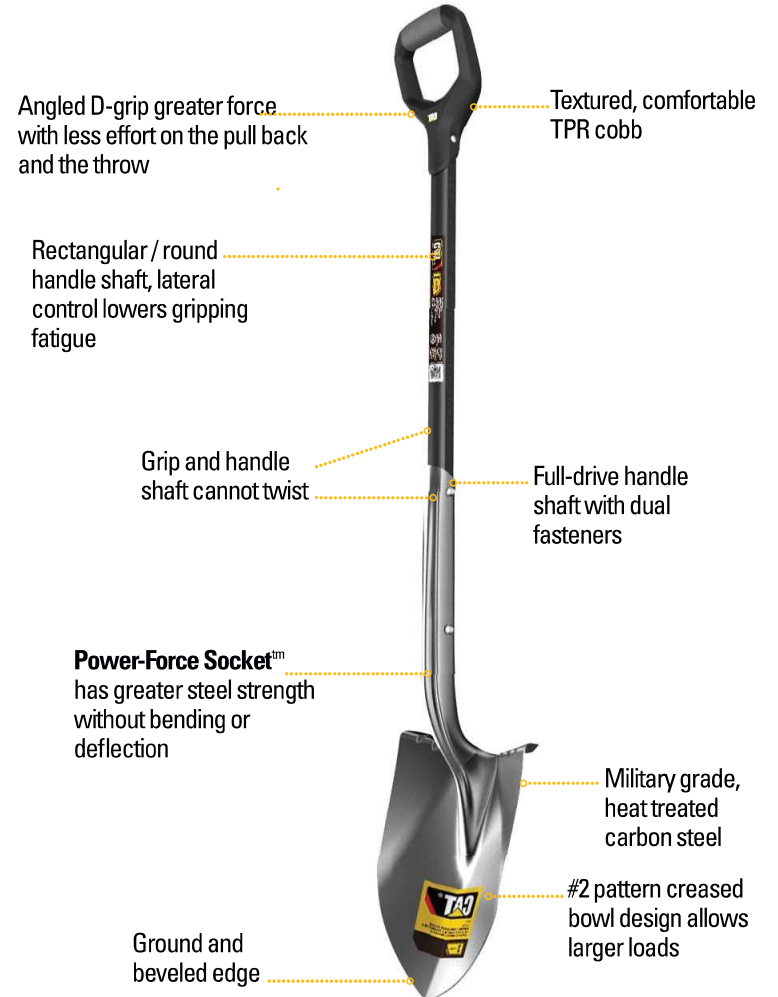

Multi-Hand Position, Comfort Grip

Flat-Sided Lateral Control Fiberglass Handle

Head/Handle Connection with Extended Steel Collar

CAT® H-SERIES Best in Class Tools

Angled D-grip greater force with less effort on the pull back and the throw

Rectangular / round handle shaft, lateral control lowers gripping fatigue

Grip and handle shaft cannot twist

Power-Force Socket™ has greater steel strength without bending or deflection

Ground and beveled edge

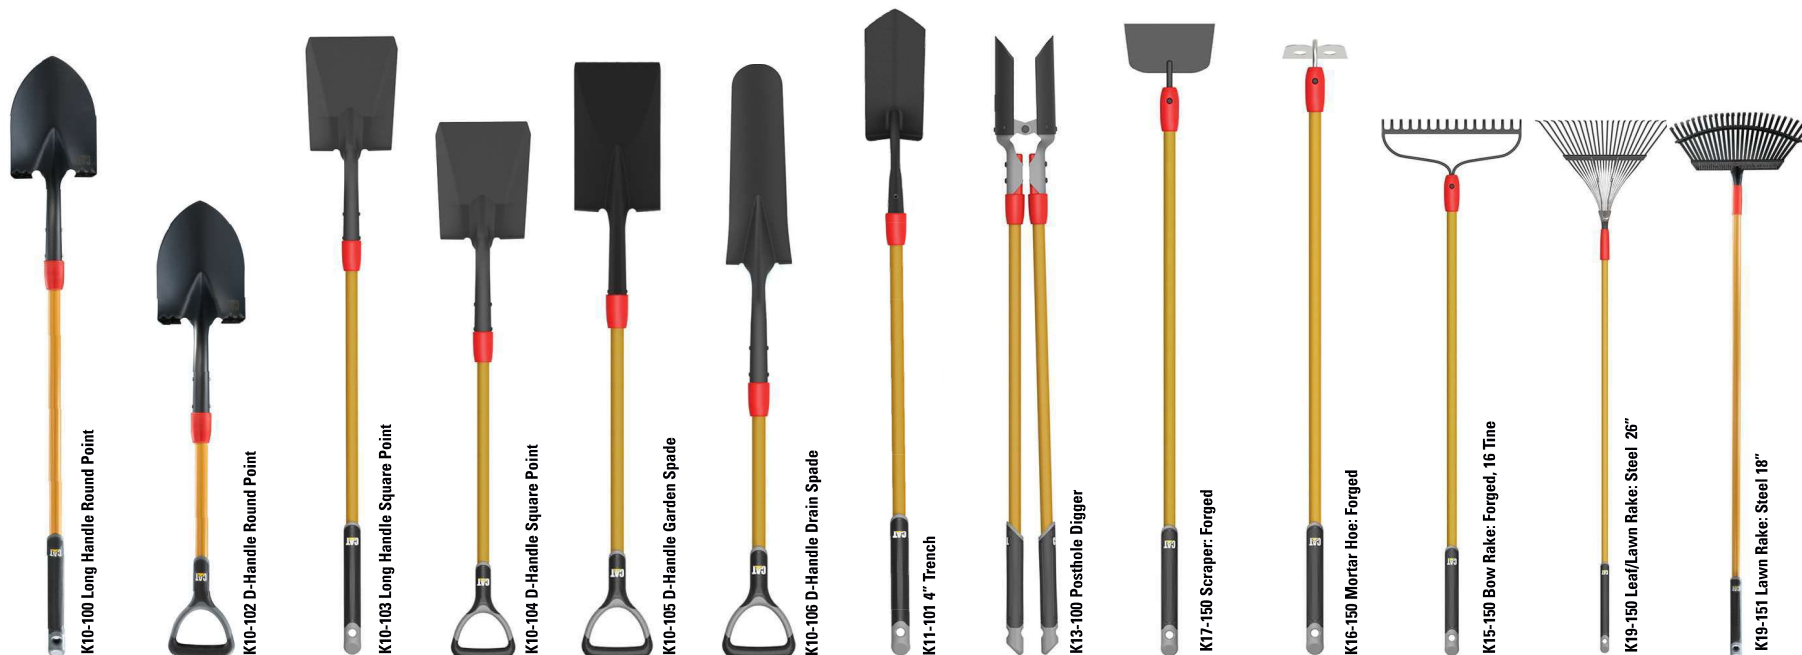

Textured, comfortable TPR cobb

Full-drive handle shaft with dual fasteners

Military grade, heat treated carbon steel

#2 pattern creased bowl design allows larger loads
